55-GALLON SINGLE BRUSHLESS BLOWER VACUUM WET / DRY

*Vacuum Power Head with:

- One (1) brushless vacuum motor, for continuous-duty operation. Life expectancy is 5X-10X greater than brush-type vacuum motors.
- Start/Stop rocker switch
- Porous polyethylene filter tubes that are washable, resistant to oil / mildew / impact.
- Autovac Shutoff Mechanism prevents overfilling of drum
- Motor enclosure and 10ft power cord with grounded plug for 115V outlet or extension cord **(No plug on 230V)**
- Heavy-duty carbon steel cover with gasket and 2" replaceable steel inlet elbow
- Carbon steel components are blue powder coat finish

Autovac Shutoff Mechanism

* *Collection Container: (Supplied separately, see Accessories Optional Equipment) Cover unit fits any minimum 16 gauge, 55 gallon steel drum*

Poly Tube Filters
